The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Other Information:

Students are provided the opportunity to earn industry related certificates (ASE, NJ Cosmetology License, etc.); college credits as well scholarships to continue their education in their chosen vocation. Local community partners prior to graduation hire many of our MCVSD graduates through our Structured Learning Program. Today's employment community demand individuals prepared with entry-level skill, training and experience. Our Shared Time classes provide this entry level training and a pathway to post secondary (college and technical schools) training, so students can continue on their chosen career path after high school. The Monmouth County Vocational School District (MCVSD) is a public school district that provides career and technical training for the youth of Monmouth County. Shared Time programs for grade 11 and 12 work cooperatively with a student's home high school. Together, we provide an educational plan that will lead the student to the next step in their quest for a rewarding and lucrative career. Many of our graduates are hired directly into their chosen occupation while others continue their education in colleges and trade schools prior to seeking employment. In today's highly technical society most occupations require sophisticated training. Our Shared Time classes provide this entry level training and a pathway to post secondary (colleges and trade schools) training, so students can continue on their chosen career path after high school.
